Public Meetings on Missouri River Bridge At Miami Postponed

October 10, 2007 -- For immediate release

MACON – Planned meetings by the Missouri Department of Transportation to discuss proposed improvements to the Miami Bridge have been postponed.

The meetings, scheduled for October 23 at Miami and October 24 at Brunswick, are being postponed to allow MoDOT to focus attention on re-bidding the same type project scheduled for the Missouri River Bridge at Glasgow in 2007.

Since no bids were received on the Glasgow project last month, MoDOT is focusing efforts on working with contractors to encourage a successful bidding process on that project in the near future.

“We will reschedule the public meetings to discuss the Miami Bridge,” said Project Manager Preston Kramer. “Since these two projects are so similar in nature, we would like to have contractor bid information on the Glasgow project to present to the public during the Miami meetings.”

For more information contact the MoDOT District 2 Customer Service Center toll-free at 1-888-ASK MoDOT (275-6636). The center is open Monday-Friday, 7:30 a.m. to 4:00 p.m. or visit our website at <http://www.modot.org/northcentral>.
